G. O. P. NOMINEE URGES PEACE AT HOME

WAYNE COUNTY, OHIO, MEN, WOMEN APPLAUD FRONT PORCH SPEECH

HARDING MAY MAKE TOUR OF LARGE CITIES

However, G. O. P. Nominee Will Deliver Series of Addresses At Home.
FOUR TRIPS PROPOSED
No Definite Decision Until the Campaign Begins to Develop.

MARION, O., Aug. 4.—Senator Warren G. Harding, Republican nominee for president, put a real "punch" into the speech he delivered today to a gathering of Ohioans who assembled at the front porch of his home here. He was accompanied by his wife and daughter, and a delegation of Marion citizens and escorted, to the music of brass bands, to the home from which the senator is conducting his campaign.

A revival of talk of the senator abandoning his front porch campaign in September in order to stump the country in compliance with the desires of some of his advisers has thus far met with no open response from him. He is planning to deliver a series of addresses here at frequent intervals between now and the November election even though he is prevailed upon to speak more extensively elsewhere than he had first intended, it was stated.

His campaign is still only in the making, it was added. His chief lieutenant and pre-convention campaign manager, Harry M. Daugherty, is to confer with a number of Republican leaders and members of the Republican national committee at New York city tomorrow or Friday regarding the senator's wishes as to "whatever speech-making itinerary is arranged for him in the future."

It is known here that four tentative speaking tours have been submitted to him, the first proposing a visit by him to the principal cities of the Pacific coast, the second the stumping of the middle-west, the third a swing through states usually Democratic, like Kentucky, Tennessee and North Carolina, which the Republican

Promises to Take Steps to Bring About Ratification.

MARION, O., Aug. 4.—Senator Warren G. Harding, Republican nominee for president, promised today to "take definite steps" to bring about ratification of the national woman suffrage amendment by the thirty-sixth state, necessary to permit women throughout the country to vote at the November election, Mrs. Abby Scott Baker, of the National Woman's party, announced after she had conferred with the senator here.

Mrs. Baker admitted that unless "strong party pressure" were brought to bear on the Tennessee legislature, there was "little chance" of its ratifying the suffrage amendment.

The expressed hope, however, that Senator Harding and Governor James M. Cox, Democratic nominee for president, with whom she will dine at Dayton tonight, she said, would be able to "exert sufficient influence on the Tennessee legislature to cause it to ratify the amendment."

Senator Harding Tells Farmers, Factory Workers, Store and Office Clerks Menace to America in European Entanglements.

VOICES OPPOSITION TO COVENANT ARTICLE X

Declares We Need to Be Rescued from Visionary and Fruitless Pursuit of Peace Through Super-Government.

By J. Bart Campbell.
MARION, O., Aug. 4.—"I would rather have industrial and social peace at home than command the international peace of all the world," Senator Warren G. Harding, Republican nominee for president, told a gathering of men and women from Wayne county, Ohio, he addressed from his front porch today.

Farmers mingled with workers from shop and factory and with clerks from store and office in another outpouring of Ohio home folk as the senator said there had come to him lately a "new realization of the menace to America in European entanglements which emphasized the prudence of Washington."

In voicing again his opposition to article X of the league of nations covenant, the senator warned of the moral obligation to preserve peace overseas at the cost of American manhood and treasure he said it would impose upon the American people if they were committed to it unreservedly.

"Suppose that under the military alliance and the super-authority of article X, a program of armed force is agreed upon, and the congress of the United States declines to respond?" he asked. "The president would be called upon to carry on a war without constitutional authority, or we would prove our compact no more than a scrap of paper."

"The solemn truth is that our part in the world war was an obligation to ourselves, performed in sympathy with associated, not allied, powers, and our splendid part in helping win the war was the armed manifestation of American written obligation."

"Governor Coolidge spoke the other day of the rescue of America from the reactions of the world war," the senator continued. "We also need to be rescued from the visionary and fruitless pursuit of peace through super-government."

"I do not want Americans of foreign birth making their party alignments on what we mean to do for some nation in the old world. We went there to be Republicans because of what we mean to do for the United States of America. Our call is for union, not rivaling sympathies. Our need is concord, not the antipathies of long inheritance."

"Surely, no one stopped to think when the great world experiment was leading—frankly, no one could know. We are only learning now. It would be a sorry day for this republic if we allowed our activities in seeking for peace in the old world to blind us to the essentials of peace at home."

His campaign is still only in the making, it was added. His chief lieutenant and pre-convention campaign manager, Harry M. Daugherty, is to confer with a number of Republican leaders and members of the Republican national committee at New York city tomorrow or Friday regarding the senator's wishes as to "whatever speech-making itinerary is arranged for him in the future."

FIRE DESTROYS DWELLING IN DRAIN STREET; LOSS IS \$1,500

Origin of Blaze At Thomas Duke Home Not Determined.

FURNITURE IS RUINED

Firemen Fail to Check Flames Because of Lack of Water.

Fire, originating from an undetermined source in an upstairs room, totally destroyed a four-room dwelling occupied by Thomas Duke in Drain street, just off Dresden avenue, shortly before 10 o'clock Wednesday morning. Loss is estimated at \$1,500, none of which was covered by insurance.

The Central fire department, which responded to the alarm, was unable to check the progress of the flames because of the lack of water. When the department arrived at the scene the house was burning briskly and none of the household furnishings could be removed.

Efforts of the firemen were centered upon saving threatened houses in the vicinity. A bucket brigade was formed and water carried from a distance to the scene of the fire. Small "overhauls" on the Duke property were saved.

Mrs. Duke discovered the fire in an upstairs room at a quarter to 10 o'clock. The room was a mass of flames when the discovery was made, she told officials of the fire department. The house was not piped for gas and the only fire in the house was a coal stove in the kitchen, she stated.

The house is valued at \$800, while the furniture and household fixtures were worth between \$700 and \$800.

A field and track meet in which athletes from the tri-state district will be invited to take part, will be staged on the baseball field during the late forenoon and early afternoon. A baseball game to decide the tri-state supremacy and a series of boxing bouts will be added features of the affair.

Tentative plans for the event will be laid before East Liverpool Trades and Labor Council at its regular meeting Wednesday night for approval. Wellsville Trades and Labor Council has already offered to co-operate with the local organization in the day's observance while Sallineville, Lisbon, Salem, East Palestine and other surrounding cities will join in the celebration.

COX ARRANGING FOR VISIT TO RURAL SECTION

Democratic Nominee to Tour Farming Districts In "Off Season."

ATTENDS PICNIC TODAY Schedules Conference With Chairman of National Woman's Party.

By Harry L. Rogers.
DAYTON, Aug. 4.—Governor James M. Cox, Democratic presidential nominee, is planning his speaking campaign with a nice regard for the convenience of the potential audience to which he will appeal, it became known here today.

Similar considerations will apply to other constituents, such for instance as industrial centers, where speeches will be made during the noon hour, on Saturday half holidays and at night.

The feature of today's program for Governor Cox, was a picnic of the Gem City Democratic club this afternoon at Shiloh, near Dayton. The governor motored in this morning from his farm at Jacksonburg, where he and Mrs. Cox spent the night, and after working for several hours in his office at the Dayton News clearing up state business and political correspondence, will drive to the picnic grounds and address the picnicers, most of whom are old-time friends of his.

Later in the afternoon, the governor will confer with Mrs. Abbie Scott Baker, political chairman of the National Woman's party, who is here to tell him that prospects of ratification of the woman suffrage amendment by the Tennessee legislature are extremely gloomy unless some immediate action is taken.

URGE SUPPORT OF TAX LEVY

Schools Need Revenue to Maintain Full Term, Says Board.

That East Liverpool electors must approve the proposed three-mill tax levy for school purposes at the August primaries next Tuesday if the schools are to be maintained for a full term this fall was the declaration of a member of the board of education Wednesday.

The city school district has already exhausted practically all available funds to meet expenditures for the last term of school which closed this spring. The general salary increase for teachers will make deep inroads in school resources.

In addition to the new salary boost, the schools here must pay into the state fund approximately \$9,000 to insure the establishment of the new teachers' pension fund this fall. To meet this expenditure, the district pays 5.57 per cent and the teachers 4 per cent of their monthly salaries.

Under provisions of a new state law, framed to afford harassed school districts and cities some financial relief, the East Liverpool school district must first exhaust all sources of income before aid will be given from state funds. Passage of the three-mill levy asked at the August primaries will meet this requirement.

The East Liverpool district has 5,700 children entitled to utilize local school facilities.

GENERAL STRIKE IN DENVER THREATENED

DENVER, Colo., Aug. 4.—A general strike of organized labor in Denver threatened today following an executive meeting of the trade and labor assembly at which a committee of 200 was chosen to call upon Mayor Bailey to urge that the city force the Denver Tramway company to accede to the striking carmen's demand.

Complaint will also be made against armed policemen being furnished for the protection of "Blackjack" Jerome, strikebreaker leader, Denver is paralyzed today.

LIBERTY BONDS WORTH \$53,000 DUG UP

CLEVELAND, August 4.—Liberty bonds valued at \$53,000 lay buried for two days and nights in a lot on Detroit avenue, Lakewood, police said today. They were the securities stolen from the First National bank, for the theft of which two young men employed at the bank are now in custody.

They were later dug up and sent to Chicago, where they were sold.

SEEK SECOND SUSPECT IN KIDNAPPING CASE

PHILADELPHIA, Aug. 4.—With one man held incommunicado by the federal authorities in connection with the kidnapping of Blakely Coughlin, the baby son of George H. Coughlin, of Norristown, Pa., the arrest of a second suspect, who may prove to be the real kidnaper is expected within 48 hours.

The federal officials who arrested the supposed Italian at Egg Harbor, N. J., on Monday, learned the whereabouts of baby Coughlin, they have not yet revealed it. The detectives refused to give the name of the prisoner or tell where he is being held.

British Repulse Arabs.
LONDON, Aug. 4.—Arabs attacked the British troops north of Hella, but were repulsed with the loss of 130 men, said a Constantinople dispatch to the war office today.

DRY LEADER PREDICTS ELECTION OF HARDING

MARION, O., Aug. 4.—The prediction that Senator Warren G. Harding, Republican nominee for president, will be elected, was made today by Wayne B. Wheeler, superintendent and general counsel of the Anti-Saloon League, after he conferred with the senator.

Wheeler said he believed the Republicans would have their hardest fight in California and New Jersey. Those states, and Illinois, Indiana, Ohio and New York he expected to be the "storm centers" of the campaign, he added.

Dinit, chairman of the devotional committee, will preside. Mr. Cochran will outline the plans of the preliminary services at the meeting.

The cottage prayer meetings will be launched simultaneously in the 90 or more districts in this city, evening and now next Tuesday evening. Semi-weekly meetings will be held up until the revival starts when four meetings will be held a week, on Tuesday, Wednesday, Thursday and Friday forenoon, until the close of the services.

CINCINNATI, Aug. 4.—Simultaneously with the ringing of an alarm clock this morning, a pistol shot was heard and Mrs. Clarence Braselton rushing into her husband's room found him on the floor with a bullet through his heart. Wells, both of Pittsburgh were arrested by the local police two miles north of the city late last night, while driving a truck loaded with thirty cases of whiskey consigned to a local resident. PEOPLE FLEE FROM POLISH CAPITAL; FALL OF CITY NEAR

Government's New Seat Has Not Been Determined.

ABANDON TRUCE HOPE

Russians Cross Bug River; Retreating Army Demoralized.

PARIS, Aug. 4.—Removal of the Polish government archives from Warsaw has already begun, it was learned from a high Polish source this afternoon. The new seat of the Polish government probably will be Cracow, formerly a city in Galicia, but which is situated in territory promised to Poland by the allies.

The new Polish capital will be protected by the allies, it is said. The Polish ministers at Warsaw were reported today to be ready to leave the city on a moment's notice.

PARIS, August 4.—The Poles are preparing to evacuate Warsaw, the capital, according to official dispatches to the foreign office today.

The seat of the Polish government has not been determined, it is understood here.

The civil population has begun to flee the city. The city will inevitably fall into the hands of the Russians, it is feared.

The Poles have virtually abandoned all hope for an armistice with the Russians, the foreign office was advised.

Military dispatches show that the Russians have crossed the Bug river on a front of more than 60 miles. The Poles retreated so rapidly they had no chance to destroy the bridges.

The retreating Polish troops have become demoralized all along the front north and east of Warsaw.

Fifty thousand Russian red troops, preceded by large masses of cavalry, are driving in the Polish left wing, aiming to cut the Dantzig "corridor" and sever railway communication between Warsaw and the port of Dantzig. All the military supplies sent to Poland were shipped by way of Dantzig. It is understood there are big supplies of war materials at Mlava which is in the path of the Russian red army.

LONDON, August 4.—The drive of the Russian red army on Warsaw is still in full swing and the Russians

Farmers mingled with workers from shop and factory and with clerks from store and office in another outpouring of Ohio home folk as the senator said there had come to him lately a "new realization of the menace to America in European entanglements which emphasized the prudence of Washington."

Democratic Nominee to Tour Farming Districts in "Off Season."

ATTENDS PICNIC TODAY

Schedules Conference With Chairman of National Woman's Party.

By Harry L. Rogers.
DAYTON, Aug. 4.—Governor James M. Cox, Democratic presidential nominee, is planning his speaking campaign with a nice regard for the convenience of the potential audiences to which he will appeal, it became known here today.

For example, the governor believes that the most convenient time for the farmer to give attention to politics is during the interim between threshing and corn shucking, and when the committee on speaking arrangements meets here following notification ceremonies, the governor will suggest that the schedules be so arranged as to enable him to tour the farming sections of the middle-west and northwest during that period.

URGE SUPPORT OF TAX LEVY

Schools Need Revenue to Maintain Full Term, Says Board.

That East Liverpool electors must approve the proposed three-mill tax levy for school purposes at the August primaries next Tuesday if the schools are to be maintained for a full term this fall was the declaration of a member of the board of education Wednesday.

The city school district has already exhausted practically all available funds to meet expenditures for the last term of school which closed this spring. The general salary increase for teachers will make deep inroads in school resources.

In addition to the new salary boost, the schools here must pay into the state fund approximately \$9,000 to insure the establishment of the new teachers' pension fund this fall. To meet this expenditure, the district pays 5.57 per cent and the teachers 4 per cent of their monthly salaries.

Under provisions of a new state law, framed to afford harassed school districts and cities some financial relief, the East Liverpool school district must first exhaust all sources of income before aid will be given from state funds. Passage of the three-mill levy asked at the August primaries will meet this requirement.

The East Liverpool district has 5,700 children entitled to utilize local school facilities.

ABANDON TRUCE HOPE

Russians Cross Bug River; Retreating Army Demoralized.

PARIS, Aug. 4.—Removal of the Polish government archives from Warsaw has already begun, it was learned from a high Polish source this afternoon. The new seat of the Polish government probably will be Cracow, formerly a city in Galicia, but which is situated in territory promised to Poland by the allies.

The new Polish capital will be protected by the allies, it is said. The Polish ministers at Warsaw were reported today to be ready to leave the city on a moment's notice.

PARIS, August 4.—The Poles are preparing to evacuate Warsaw, the capital, according to official dispatches to the foreign office today.

The seat of the Polish government has not been determined, it is understood here.

The civil population has begun to flee the city. The city will inevitably fall into the hands of the Russians, it is feared.

The Poles have virtually abandoned all hope for an armistice with the Russians, the foreign office was advised.

Military dispatches show that the Russians have crossed the Bug river on a front of more than 60 miles. The Poles retreated so rapidly they had no chance to destroy the bridges.

The retreating Polish troops have become demoralized all along the front north and east of Warsaw.

Fifty thousand Russian red troops, preceded by large masses of cavalry, are driving in the Polish left wing, aiming to cut the Dantzig "corridor" and seyer railway communication between Warsaw and the port of Dantzig. All the military supplies sent to Poland were shipped by way of Dantzig. It is understood there are big supplies of war materials at Miava which is in the path of the Russian red army.

LONDON, August 4.—The drive of the Russian red army on Warsaw is still in full swing and the Russians

have crossed the Bug river at several places, according to a soviet war office communique wireless from Moscow today.

By NEWTON C. PARKE.

PARIS, August 4.—The allied governments are genuinely alarmed over the disaster which has overtaken the Polish army and the continued advance of the Russian red army toward the German frontier.

A communication was received by the French foreign office today from Premier Lloyd George at London which led to reports that an immediate conference of the Anglo-French premiers and possibly other allied statesmen would be summoned.

Premier Millerand is now on a vacation, but is expected to cut it short in view of the serious turn of affairs in eastern Europe. The French press is unanimous in the belief that the Bolshevik demand upon Poland for an immediate peace conference behind the battle lines is the death knell of the proposed parity in London.

Premier Lloyd George is already on record as demanding that the soviet government at Moscow consent to discussion of peace terms with Poland as well as the other states bordering soviet Russia at London.

Two divisions of French troops in the Silesia plebiscite zone may be used to reinforce the Polish army for the defense of Warsaw, according to indications in the press today.

The journal pointed out that these troops are near the Russo-Polish theater of war and are available for use against the Russian red army.

French military experts believe that the final stand by the Poles in defense of Warsaw, will be made on the Bug river. This river flows westward about 15 miles north of Warsaw, emptying into the Vistula at Nowy Dwor, 15 miles west of the Polish capital.

Commandant Deleval, military expert of the Matin, expressed the opinion that the Poles' only chance is to mass all available forces in front of Warsaw and then begin a series of strong counter thrusts.

ans aim to carry in November, and the fourth including New England and the east.

None of these tours has been agreed upon, however, and it was stated authoritatively the senator is satisfied for the present at least to continue his front porch campaign without speaking elsewhere than Marion, being content to await until the campaign begins to really develop before arriving at any decision as to any proposed tour by him, of states remote from his home.

"There is another thought relating to our domestic concord so essential to our continued advancement," the senator added. "It was said the other day the Democratic party meant especially to appeal to the farmers and wage earners, and let America forget the failure of the world experiment. If Americans can be made to forget the attempted barter of nationality, well and good. It would be better if we could forget.

"But when nationality is surrendered to internationality, little else matters, and all appeal is in vain. There is only one other menace so threatening our tranquility. That menace is the appeal to class in determining what our government shall be. I then would hold myself unworthy of your confidence if I spoke an appeal to either farmers or wage earners because of their large numbers. We wish the confidence of all.

"There is not any governmental part in fixing pursuit, profession or employment," Senator Harding also declared. "Perhaps, I ought to modify that and say—except during war. Government did interfere for the World war, and we want to end that interference.

"We want a free America again, we want America free at home and free in the world. We want to silence the outcry of nation against nation, in the fullness of understanding, and we wish to silence the cry of class against class, and still the party appeal to class so we may insure tranquility in our own freedom."

DRASTIC PEACE TERMS SOUGHT

British Government Learns of Russian Plans in Event of Minsk Meet.

By WILLIAM MALLABAR. LONDON, August 4.—The British government has information that Russia will insist on drastic peace terms, if the Russo-Polish parley is renewed at Minsk, but it is believed that the soviet government will modify its demands later on, according to a statement made today by Sir William Sutherland, junior lord of the treasury.

"There will be no drastic movement on the part of Great Britain on the Polish situation," said Sir William. "It is true we have information that the Russian government is delaying the proposed truce; also that the Russians propose to present the sharpest possible terms to Poland. But we have equally accurate information, which gives us absolute confidence, that the Russians will modify these terms when they learn that Great Britain and the allies will stand by Poland. The Russians will modify their terms greatly, we believe, for the internal situation in Russia makes it imperative for Russia to resume trade with the allies. M. Krasin and M. Kamenev, head of the Russian trade mission, will not be received nor will new trade negotiations be opened until the soviet has proved that they are willing to make peace with Poland on terms acceptable to the allies."

A communication was received by the French foreign office today from Premier Lloyd George at London which led to reports that an immediate conference of the Anglo-French premiers and possibly other allied statesmen would be summoned.

Premier Millerand is now on a vacation, but is expected to cut it short in view of the serious turn of affairs in eastern Europe. The French press is unanimous in the belief that the Bolshevik demand upon Poland for an immediate peace conference behind the battle lines is the death knell of the proposed parley in London.

Premier Lloyd George is already on record as demanding that the soviet government at Moscow consent to discussion of peace terms with Poland as well as the other states bordering soviet Russia at London.

Two divisions of French troops in the Silesia plebiscite zone may be used to reinforce the Polish army for the defense of Warsaw, according to indications in the press today.

The journal pointed out that these troops are near the Russo-Polish theater of war and are available for use against the Russian red army.

French military experts believe that the final stand by the Poles in defense of Warsaw, will be made on the Bug river. This river flows westward about 15 miles north of Warsaw, emptying into the Vistula at Nowy Dwor, 15 miles west of the Polish capital.

Commandant Declevieux, military expert of the Matin, expressed the opinion that the Poles' only chance is to mass all available forces in front of Warsaw and then begin a series of strong counter thrusts.

ans aim to carry in November, and the fourth including New England and the east.

None of these tours has been agreed upon, however, and it was stated authoritatively the senator is satisfied for the present at least to continue his front porch campaign without speaking elsewhere than Marion, being content to await until the campaign begins to really develop before arriving at any decision as to any proposed tour by him, of states remote from his home.

"There is another thought relating to our domestic concern so essential to our continued advancement," the senator added. "It was said the other day the Democratic party meant especially to appeal to the farmers and wage earners, and let America forget the failure of the world experiment. If Americans can be made to forget the attempted barter of nationality, well and good. It would be better if we could forget."

"But when nationality is surrendered to internationalism, little else matters, and all appeal is in vain. There is only one other menace so threatening our tranquility. That menace is the appeal to class in determining what our government shall be. I then would hold myself unworthy of your confidence if I spoke an appeal to either farmers or wage earners because of their large numbers. We wish the confidence of all."

"There is not any governmental part in fixing pursuit, profession or employment," Senator Harding declared. "Perhaps I ought to modify that and say—except during war. Government did interfere for the World war, and we want to end that interference."

"We want a free America again, we want America free at home and free in the world. We want to silence the outcry of nation against nation, in the fullness of understanding, and we wish to silence the cry of class against class, and still a party appeal to class so we may insure tranquility in our own freedom."

DRASTIC PEACE TERMS SOUGHT

British Government Learns of Russian Plans in Event of Minsk Meet.

By WILLIAM MALLABAR.

LONDON, August 4.—The British government has information that Russia will insist on drastic peace terms, if the Russo-Polish parley is renewed at Minsk, but it is believed that the soviet government will modify its demands later on, according to a statement made today by Sir William Sutherland, junior lord of the treasury.

"There will be no drastic movement on the part of Great Britain on the Polish situation," said Sir William. "It is true we have information that the Russian government is delaying the proposed truce; also that the Russians propose to present the sharpest possible terms to Poland. But we have equally accurate information, which gives us absolute confidence, that the Russians will modify these terms when they learn that Great Britain and the allies will stand by Poland. The Russians will modify their terms greatly, we believe, for the internal situation in Russia makes it imperative for Russia to resume trade with the allies. Mr. Krasner and M. Kaminski, head of the Russian trade mission, will not be received nor will new trade negotiations be opened until the soviet has proved that they are willing to make peace with Poland on terms acceptable to the allies."

The noise of the children attracted Mrs. J. Warnick, who went to the sand pile to find out what the little folk were doing. Scolding the sand from the box, she tore off the lid and found little Harry unconscious. The lad was revived, however.

E. LIVERPOOL LADY WAS LEFT IN A BAD CONDITION

Was Confined to Bed for Two Weeks From "Flu." Left Her Kidneys Weak and Strength at Low Ebb.

Three Bottles of Drego Have Made Her Well and Strong With No Trace of Her Former Ails.

"Early in the winter I had a severe attack of 'flu' which kept me in bed for weeks. I was already badly run-down so this made it all the more serious," declared Mrs. Anna Martin, residing on Dresden avenue, East Liverpool, O.

"My kidneys were very weak and I had severe pains in my back and limbs; my liver was sluggish, often giving dizzy spells, vertigo and headaches; I had catarrh of the head so that my breathing was difficult and I was beginning to get a little deaf."

"My husband heard about the wonders of Drego and got some for me. I have now taken three bottles and I'm a well woman. Never have a pain in my back, liver has been freed of the excess bile so that I no longer get dizzy or have headaches and the catarrh has disappeared. I eat big meals, digest everything, sleep well and my strength has increased so much that I walk two miles to my work and two miles back, every day. I expect to always have Drego in my house."

Any remedy that restores the natural functions of the human body is a health-making remedy. The use of Drego, the great herb medicine, tends to restore the appetite, to procure natural digestion, which is followed by an increased circulation and nutrition of the whole body. Lean, haggard, bloodless people begin to gain weight, strength and flesh at once from taking Drego, as they themselves declare in signed testimonials.

All good druggists here sell Drego and it is being especially introduced in East Liverpool by Flick's drug store, corner Fifth and Market streets.

You can make this surprising experiment in our store - The Test of the Two Violins

Violins differ subtly in tone! Test the New Edison Realism by that fact.

We have an "Ave Maria" RE-CREATION played by Albert Spalding with his Guarnerius. This famous violin has a brilliant, singing tone. We have a second "Ave Maria" RE-CREATION played by Carl Fleisch with his genuine

Come in and compare these two RE-CREATIONS—tone for tone. If the New Edison makes clear the distinction between the brilliant, singing tone and the mellow Stradivarius, you know it has perfect realism for you.

The NEW EDISON "The Phonograph with a Soul"

Albert Spalding himself recently took part in a test of the New Edison's Realism, at New York City. He played in direct comparison with the RE-CREATION of his performance by the New Edison. Mr. Henry Hadley, one of the jury of the three distinguished musicians who listened from

behind a screen, said: "The RE-CREATION matched Mr. Spalding's performance tone for tone." The New Edison is the only phonograph which has given this conclusive proof of its perfect realism. It has triumphed in 4,000 such comparison-tests.

PRICES! HALT!
Since 1914, the total price-increase in the New Edison has been less than 15%. Mr. Edison has, personally, absorbed more than one half of the increased costs of manufacture. The other bid was presented by the H. C. Cook company of Steubenville. Their price was from \$275 to \$300. The solons expect to let the contract to the Steubenville firm.

P. H. C. TEAM BAFFLED BY TORONTO TWIRLER

"Bud" Bletch, star twirler for the Toronto C.A.C., meted out five scattered hits and won Sunday from the Wellsville P.H.C. club, 8-0.

Kestner, third baseman for the Toronto club, started the scoring with a home run over the left field fence in the first inning. Off Reager. His teammates followed his lead with an attack that sent the P.H.C. hurler from the box. Morgan relieved him, but was unable to check the Toronto swatters. The score:

E. LIVERPOOL LADY WAS LEFT IN A BAD CONDITION

Was Confined to Bed for Two Weeks From "Flu." Left Her Kidneys Weak and Strength at Low Ebb.

Three Bottles of Drecto Have Made Her Well and Strong With No Trace of Her Former Ails.

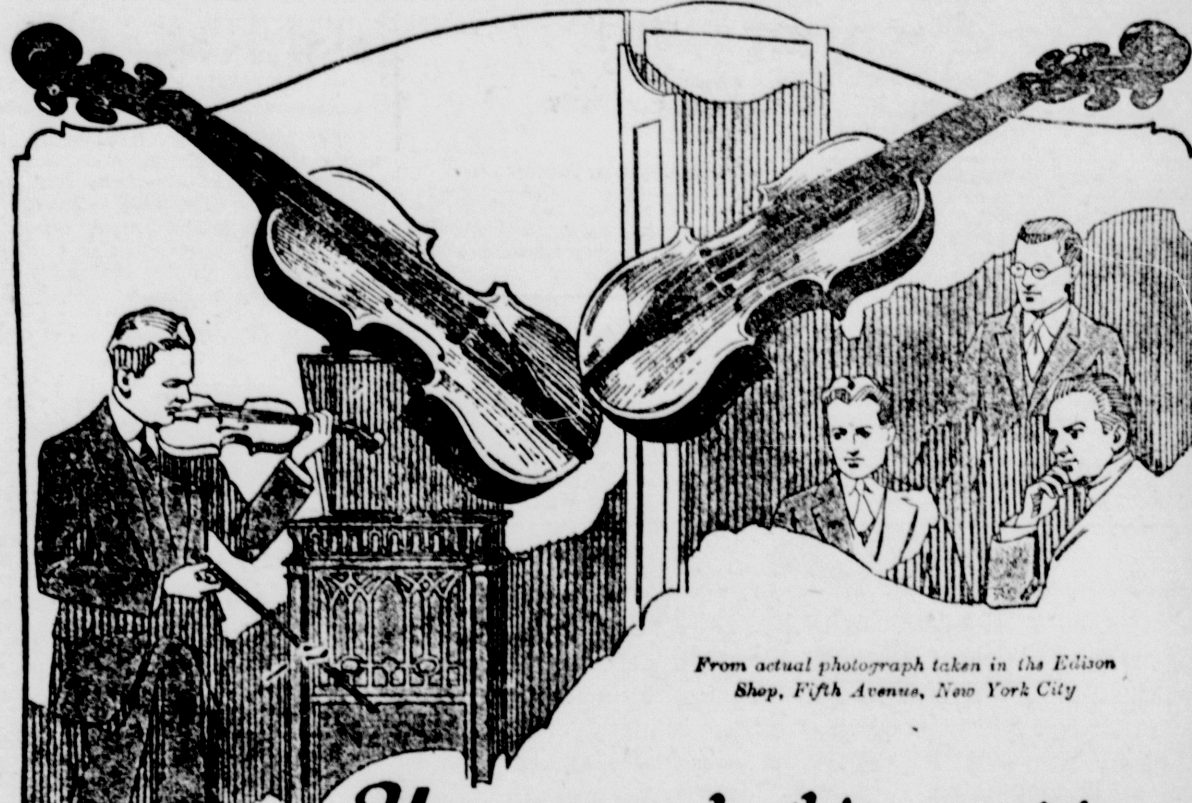

"Early in the winter I had a severe attack of 'flu' which kept me in bed for weeks. I was already badly run-down so this made it all the more serious," declared Mrs. Anna Martin, residing on Dresden avenue, East Liverpool, O.

"My kidneys were very weak and I had severe pains in my back and limbs; my liver was sluggish, often giving dizzy spells, vertigo and headaches; I had catarrh of the head so that my breathing was difficult and I was beginning to get a little deaf."

"My husband heard about the wonders of Drecto and got some for me. I have now taken three bottles and I'm a well woman. Never have a pain in my back, liver has been freed of the excess bile so that I no longer get dizzy or have headaches and the catarrh has disappeared. I eat big meals, digest everything, sleep well and my strength has increased so much that I walk two miles to my work and two miles back, every day. I expect to always have Drecto in my house."

"Any remedy that restores the natural functions of the human body is a health-making remedy. The use of Drecto, the great herb medicine, tends to restore the appetite, to procure natural digestion, which is followed by an increased circulation and nutrition of the whole body. Lean, haggard, bloodless people begin to gain weight, strength and flesh at once from taking Drecto, as they themselves declare in signed testimonials."

All good druggists here sell Drecto and it is being especially introduced in East Liverpool by Plick's drug store, corner Fifth and Market streets.

The Test of the Two Violins

Violins differ subtly in tone! Test the New Edison Realism by that fact.

We have an "Ave Maria" Re-Creation played by Albert Spalding with his Guarnerius. This famous violin has a brilliant, singing tone. We have a second "Ave Maria" Re-Creation played by Carl Fleisch with his genuine

Stradivarius. This violin has a rich, mellow tone.

Come in and compare these two Re-Creations—tone for tone. If the New Edison makes clear the distinction between the singing Guarnerius and the mellow Stradivarius, you know it has perfect realism for you.

The NEW EDISON

"The Phonograph with a Soul"

Albert Spalding himself recently took part in a test of the New Edison's Realism, at New York City. He played in direct comparison with the Re-Creation of his performance by the New Edison. Mr. Henry Hadley, one of the jury of the three distinguished musicians who listened from

behind a screen, said: "The Re-Creation matched Mr. Spalding's performance tone for tone." The New Edison is the only phonograph which has given this conclusive proof of its perfect realism. It has triumphed in 4,000 such comparison-tests.

PRICES! HALT!

Since 1914, the total price-increase in the New Edison has been less than 15%. Mr. Edison has, personally, absorbed more than one half of the increased costs of manufacture. He may not be able to do this much longer. Buy now—if you want today's price. Our Budget Plan will help you. It distributes the payment over the months to come.

GETTING OUT THE VOTE ON PRIMARY DAY

If an extensive publicity campaign and personal appeals on the part of the East Liverpool Young Men's Republican club count for anything, a large vote will be polled in the city and township Tuesday, August 10, when the Republican state, district and county tickets will be nominated.

Realizing that general apathy heretofore has resulted in a comparatively small poll at the primaries, despite the fact that contests, as a rule, have marked balloting for the respective offices, the Republican club, at a meeting last night, arranged to distribute 5,000 circulars in the East Liverpool district next Monday and Tuesday and advertising will be placed in the newspapers, urging the electors to exercise their right of franchise.

It is important that every elector go to the polls next Tuesday. Although the primary election is but six days distant, there is plenty of time for the voter to obtain answers to any question as to which he may be in doubt. If you are not posted fully on the issues in the coming primaries, make yourself a student now.

Aside from the fact that the voters of Ohio will name the party nominees for every office from governor down to coroner next Tuesday, they will pass judgment upon many special issues. In Columbiana county, practically every township, municipality, village and school district will decide questions of importance to the respective political sub-divisions. Two special issues will be submitted in East Liverpool city, while the East Liverpool school district, which includes all precincts in the city proper, Liverpool township and the Southwest precinct of St. Clair township shall decide the problem of providing sufficient funds to enable maintenance of the schools at the present standard of efficiency. East Liverpool electors will determine whether interest and sinking fund charges shall be exempt from the taxation limits, while the school district shall decide the feasibility of authorizing an extra three-mill tax levy. The latter proposal, the board of education points out, is needed to enable the payment of salary increases to teachers and also to give the board the right to seek state aid.

Let there be no indifference on primary day. It is the paramount duty of every male citizen to vote next Tuesday.

DAUGHTERS AND HOUSEWORK

The American girl has been greatly over-rated as an athlete, says Miss Amelia Ambruster, physical director of the public schools of Toledo, O. A certain few, she maintains, go in for tennis, skating and other sports. The daughters of the rich are often taught to ride horseback or play golf. But the average American high school girl is likely to be found weak of heart and flabby of muscles because she never does anything more strenuous than ride in a motor car or sit through a movie.

Plain, everyday housework is recommended as a cure for this condition.

Too much housework, too hard housework, is bad for anyone. The women who have done too much and too hard housework show it. They are old in their thirties, just when they should be getting their best development and greatest beauty. But too little physical exercise, or exercise of the wrong kind, brings its own troubles in its train. And at least, the woman who has done too much has something to show for her life, while the idle one, or the one who has worked her brain and not her body, has only a bunch of nerves to her credit—or discredit.

A child of four can be taught to do the simplest things about the house. If the tiny duties are followed by the more responsible ones suited to the increasing years, the child is far more apt to be rosy, and well, for more apt to keep ahead in school, far less liable to catch the school diseases than the child kept from useful labor and the useful knowledge that goes with it.

Coddling the daughters of the land—and the sons—is the worst thing any mother-citizen can do for her children of her country. Giving them chores suitable to their age and strength, and insisting that these be performed faithfully and well, is one of the best things she can do. The labor problem disappears from the home when every member has his share and machinery is installed to do the things which could not be expected of woman-power. And the sense of responsibility, the sense of power which knowing how to do things gives, is the best evidence of a happy, useful and successful future.

ONE EXPRESS COMPANY

Few people lament the old express company system, whereby several companies, under the pretense of wholesome competition, gave poor service and mercilessly robbed the public. Those private companies, as a result of well merited regulation, had been much chastened by the time they were merged, during the war, in one concern, the American Railway Express Company, under government direction. Now the Interstate Commerce Commission, charged under the new railroad law with responsibility for the express business, is considering what to do about it.

The railroads urge the Commission to continue the one big company rather than break it up into its constituent parts. So does the National Industrial Traffic League. So do most people who have an intimate acquaintance with the matter. The public is disposed to agree, because of a conviction that the express service has improved under this centralized system, and that still greater improvement is possible along the same lines of unification, standardization and elimination of duplicated offices, warehouses, equipment and organization.

As for monopoly, there is no more fear of that. There is a fundamental difference between public and private monopolies, and the Interstate Commerce Commission can probably be trusted to see that this particular monopoly does not oppress anybody.

Connecticut is said to be praying for school-teachers. The teachers ought to retaliate by praying for Connecticut—asking that the state be endowed with enough wisdom and liberality to pay the money necessary for an answer to its prayer.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Aug. 4.—The requirements for the stage are becoming more and more exacting. Not only must the aspirant have a knowledge of languages but of proper dress as well. The sin of omission is a deadly one along the Rialto. Managers will not pay a leading man or lady \$400 or \$500 a week to have them make a simple mistake that may turn a success into a dismal failure.

A young mid-western girl, slated for stardom, lost her job in a musical show this week because she mispronounced the word "lingerie"—a much used word in these days of Oostermoor dramas. She gave it an Anglo-Saxon sound, the audience tittered, the dramatic critics found a vulnerable point and the young lady found herself out of the cast. A cruel world.

A young leading man who showed great promise appeared in a drawing room scene in a drama recently in a dinner suit and apparently at the last moment thought he would add a dash of jazz to his sartorial splendor by wearing white spats. They loomed up like a light house in the fog.

The stage manager did not see him until he was out before the footlights. It will take several years for the leading man to live it down. Such mistakes travel quickly in the offices of the producers. It is said that the only time that Belasco ever went into a star before a company was when a star appeared at a rehearsal one day chewing gum. What he said almost melted the asbestos curtain.

Arthur Hopkins, who has the reputation of being a high-brow producer because he insists upon perfect English, had to chide a finished actor after first night performance for spitting the infinitive. That he was justified was indicated when the morning papers came with their reviews. The only criticism was this grammatical error.

Even the vaudeville man who inquired: "Who was that lady I seen you with last night?" to get the perennial reply "That was no lady, that was my wife" is now subjected to rebuke from the overlords of the Keith circuit.

It may be an old wheeze. Most of them are. But between acts at a theatre the other night the audience heard Charles M. Schwab give a hearty series of laughs. A gentleman with him asked him if he had ever heard the story of the Scotchman who overpaid his caddy.

"No," replied Mr. Schwab.

"Well you never will," was the laugh provoking rejoinder.

Hermie, the walking pawn-broker, sailed for Paris a few days ago and will spend the rest of his life on the boulevards far from the throngs of Broadway. He was one of the Broadway institutions that yearly inspired Sunday section stories. His office was under his hat. He loaned money to theatrical folk, gamblers and many rich men without collateral. He knew his clients. His rates were high and he always carried \$10,000 with him and was in many reach of more. He never kept books, but he never forgot a debt and in the 22 years that he cruised around Broadway his losses amounted only to a few thousands. He is said to be worth a half million. He came to New York from an Alsation town and started his career as a bus boy, then a waiter. While waiting tables he became acquainted with all the Broadway crowd and most of them at one time or other became his clients.

An intensive publicity campaign to stimulate interest in the primaries next Tuesday will be launched here Monday under the direction of the East Liverpool Young Men's Republican Club.

Plans for the campaign were laid at a meeting of the organization Tuesday evening in the Carnegie Library. Five thousand circulars urging East Liverpool electors to cast their vote at the primaries will be distributed through the potteries and other shops Monday. Streamers will appear across the front page of both city newspapers calling attention to the primary on the following day.

The club proposes to establish headquarters in a central location downtown and to conduct a solicitation for members in readiness for the November election.

DEFER TRIP TO HARDING HOME

Columbiana County Delegation Probably Will Visit Marion In September.

Belief that it may be possible to obtain an excursion rate in September caused postponement of the plan to run a special train Thursday, August 12, from Columbiana county to Marion, the home of Senator Warren G. Harding, Republican candidate for president.

This was the result of a conference in Lisbon Tuesday afternoon between a joint county committee and a representative of the Pennsylvania railroad.

About 250 reservations for the trip had been received.

Arrangements are being made to take a band on this excursion. A buffet car is to be a part of the train equipment. The journey is to be made in a day, as the distance from East Liverpool to Marion is about 183 miles.

ONE EXPRESS COMPANY

Few people lament the old express company system, whereby several companies, under the pretense of wholesome competition, gave poor service and mercilessly robbed the public. Those private companies, as a result of well merited regulation, had been much chastened by the time they were merged, during the war, in one concern, the American Railway Express Company, under government direction. Now the Interstate Commerce Commission, charged under the new railroad law with responsibility for the express business, is considering what to do about it.

The railroads urge the Commission to continue the one big company rather than break it up into its constituent parts. So does the National Industrial Traffic League. So do most people who have an intimate acquaintance with the matter. The public is disposed to agree, because of a conviction that the express service has improved under this centralized system, and that still greater improvement is possible along the same lines of unification, standardization and elimination of duplicated offices, warehouses, equipment and organization.

As for monopoly, there is no more fear of that. There is a fundamental difference between public and private monopolies, and the Interstate Commerce Commission can probably be trusted to see that this particular monopoly does not oppress anybody.

Connecticut is said to be praying for school-teachers. The teachers ought to retaliate by praying for Connecticut—asking that the state be endowed with enough wisdom and liberality to pay the money necessary for an answer to its prayer.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Aug. 4.—The requirements for the stage are becoming more and more exacting. Not only must the aspirant have a knowledge of languages, but of proper dress as well. The sin of omission is a deadly one along the Rialto. Managers will not pay a leading man or lady \$400 or \$500 a week to have them make a simple mistake that may turn a success into a dismal failure.

A young mid-western girl, slated for stardom, lost her job in a musical show this week because she mispronounced the word "lingerie"—a much used word in these days of Oostermoor dramas. She gave it an Anglo-Saxon sound, the audience tittered, the dramatic critics found a vulnerable point and the young lady found herself out of the cast. A cruel world.

A young leading man who showed great promise appeared in a drawing room scene in a drama recently in a dinner suit and apparently at the last moment thought he would add a dash of jazz to his sartorial splendor by wearing white spats. They loomed up like a light house in the fog.

The stage manager did not see him until he was out before the footlights. It will take several years for the leading man to live it down. Such mistakes travel quickly in the offices of the producers. It is said that the only time that Belasco ever went into a rage before a company was when a star appeared at a rehearsal one day chewing gum. What he said almost melted the asbestos curtain.

Arthur Hopkins, who has the reputation of being a high-brow producer because he insists upon perfect English, had to chide a finished actor after a first night performance for spitting the infinitive. That he was justified was indicated when the morning papers came with their reviews. The only criticism was this grammatical error.

Even the vaudevillian who inquired: "Who was that lady I seen you with last night?" to get the perennial reply "That was no lady, that was my wife" is now subjected to rebuke from the overlords of the Keith circuit.

It may be an old wheeze. Most of them are. But between acts at a theatre the other night the audience heard Charles M. Schwab give a hearty series of laughs. A gentleman with him asked him if he had ever heard the story of the Scotchman who overpaid his caddy.

"No," replied Mr. Schwab.

"Well you never will," was the laugh provoking rejoinder.

Hermie, the walking pawn-broker, sailed for Paris a few days ago and will spend the rest of his life on the boulevards far from the throngs of Broadway. He was one of the Broadway institutions that yearly inspired Sunday section stories. His office was under his hat. He loaned money to theatrical folk, gamblers and many rich men without collateral. He knew his clients. His rates were high and he always carried \$10,000 with him and was in easy reach of more. He never kept books. But he never forgot a debt and in the 22 years that he cruised around Broadway his losses amounted only to a few thousands. He is said to be worth a half million. He came to New York from an Alsation town and started his career as a bus boy, then a waiter. While waiting tables he became acquainted with all the Broadway crowd and most of them at one time or other became his clients.

URGE INTEREST IN PRIMARIES

Young Men's Republican Club Launch Campaign to Get Out Vote.

An intensive publicity campaign to stimulate interest in the primaries next Tuesday will be launched here Monday under the direction of the East Liverpool Young Men's Republican Club.

Plans for the campaign were laid at a meeting of the organization Tuesday evening in the Carnegie Library. Five thousand circulars urging East Liverpool electors to cast their vote at the primaries will be distributed through the potteries and other shops Monday. Streamers will appear across the front page of both city newspapers calling attention to the primary on the following day.

The club proposes to establish headquarters in a central location downtown and to conduct a solicitation for members in readiness for the November election.

M. E. Blythe, R. C. Heddleston and J. R. Reark were named by President Ben L. Bennett to supervise next week's publicity drive.

BRIDGEPORT—A local hotel is minus a number of pillows. They disappeared after a group of easterners, driving new cars over the National road from western factories, had spent the night at the hotel. The same hotel received a \$42 bill for tolls on a telephone call to San Francisco soon after another caravan had departed. Complaints have been registered alleging that drivers of new cars crowd other traffic from the paved road in Belmont county.

DEFER TRIP TO HARDING HOME

Columbiana County Delegation Probably Will Visit Marion in September.

Belief that it may be possible to obtain an excursion rate in September caused postponement of the plan to run a special train Thursday, August 12, from Columbiana county to Marion, the home of Senator Warren G. Harding, Republican candidate for president.

This was the result of a conference in Lisbon Tuesday afternoon between a joint county committee and a representative of the Pennsylvania railroad.

About 250 reservations for the trip had been received.

Arrangements are being made to take a band on this excursion. A buffet car is to be a part of the train equipment. The journey is to be made in a day, as the distance from East Liverpool to Marion is about 183 miles.

At the request of many Democrats of this district I promised to accept the nomination for Representative to Congress, if I prove to be the choice of the voters at the primary on August 10. If so nominated I hope to make an earnest campaign in support of our splendid Presidential Ticket, Cox and Roosevelt, and the national platform. Conditions demand alertness of every patriotic citizen, and I request you, fellow Democrats to attend the primary and write my name on the ticket, and place an "X" before it.

NOT AN ISOLATED CASE

Many Similar Cases In East Liverpool and Vicinity.

This East Liverpool man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news. Ask your neighbor!

John P. Forse, carpenter, 401 West Sixth St., East Liverpool, says: "Kidney trouble bothered me for three years. When I bent over, sharp twinges caught me in the small of my back, and the pain was so great I couldn't move for a minute or so. When I worked hard the trouble was worse. My kidneys were weak and secretions passed too frequently and were unnatural in appearance. Someone told me to try Doan's Kidney Pills and I did. They helped me right away and four boxes completely relieved me."

Doan's Always Reliable

Three years later, Mr. Forse said: "I have taken Doan's Kidney Pills off and on for many years and they have always done me good. By using a box of Doan's now and then I keep my kidneys in fine shape." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Enoch Riley, Newsdealer, Fifth street, has charge of The Evening Review circulation. Leave subscriptions, orders advertisements, etc., with him. Bell phone 486.

G. O. P. CLUB IS ORGANIZED

Mass Meeting of Republicans Held Here Tuesday.

More than 75 Republicans of Chester attended a mass meeting, held in the I. O. O. F. K. of P. building Tuesday evening, at which time an organization, to be known as the "Chester Republican Club" was formally launched.

The organization was endorsed the candidates of Senator Warren G. Harding and Gov. Calvin Coolidge, as the G. O. P. standard bearers and also voted unanimously to support the entire Republican ticket from the national down to county and district offices.

A committee was named to list rooms which might be used as campaign headquarters. According to tentative plans, Republican headquarters will be opened here about September 1. It is the plan of the club to conduct an aggressive campaign to secure the election of every Republican candidate on November 2.

An effort will be made to enroll at least 500 voters of the city and district within the next few weeks.

SEIZED 38 STILL'S DURING PAST MONTH

The seizure of 38 moonshine stills, which is the largest number ever confiscated by the state department of prohibition officers in one month, was reported to the department in July, according to the report of Commissioner W. S. Hallanan, given out Tuesday. The 38 stills had an aggregate capacity of nearly a thousand gallons.

Eighteen counties were searched by the officers for the 38 stills, four having been seized in Boone, Wood and Lincoln counties; three each in Barbour, Kanawha, Marion and Putnam; two each in Logan and Summers, and one each in Cabell, Fayette, Harrison, McDowell, Ohio, Pocahontas, Raleigh, Webster, Brooke and Taylor.

There were 78 arrests during the month and the liquor confiscations included 428 quarts, 23 pints and five half-pints of whiskey, mostly moonshine; 2,018 gallons of pickhandle, 200 gallons of raisin wine, eight gallons of "Old Hen," seven gallons of alcohol, 41 gallons of beer and about 2,700 gallons of mash.

"LUCKY THIRTEEN" GIRLS HOSTESSES

Members of the "Lucky Thirteen," an organization of Chester young ladies, entertained their gentlemen friends at an outing at Rock Springs Park, Tuesday evening. This was the second outing of the season.

Supper was served at 6:30 o'clock. Later in the evening the party attended the dance.

Those attending the affair included: Misses Alma Pepin, Fern Simpson, Thelma Dewoody, Edna Frost, Alva Frost, Margaret Davis, Ruth Huff, Virginia McElfresh, Mabel Arner, Helen Devitt, Jean Irwin, Elizabeth Hays and Helen Hendricks and Messrs. Alvin Arner, Charles Davis, Thomas Hopple, Carl McCutcheon, Otis Wallace, Charles Evans, Gruber Miller, Wayne Simpson, Homer Stone, Edward Barrett, James Salisbury, Kenneth Knowles and Homer Mercer.

EDUCATION SLOWS UP:

SCHOOL HOUSES SCARCE
LONDON—The war has slowed up education in the British Isles. Thousands of children are prevented from obtaining such education as is legally provided, because of the lack of buildings.

The Scottish Education act, which raises the school-age limit by one year, cannot be put into operation this year, as intended, owing to lack of facilities. The labor organizations point out that if money spent on swollen army and naval estimates were put into new school buildings, and luxury buildings stopped until schools and dwellings are provided, the whole situation would be remedied in a few years.

WEST VIRGINIA PARTY VISITS SENATOR HARDING

A delegation of West Virginia Republicans, headed by Judge E. F. Morgan, nominee for governor, left Tuesday for Marion, O., where they have an engagement Wednesday with Senator Warren G. Harding, Republican nominee for president. They will urge him to come to Wheeling on August 12, to address the state judicial and platform convention.

Judge Morgan and Chairman M. Z. White got in communication with Senator Harding regarding his proposed visit to Wheeling, and were invited to bring a delegation of West Virginia Republicans to Marion for a conference.

CORD TIRE BASEBALL TEAM'S BUSY WEEK

Four games have been carded for the Chester Cord Tire team during the present week, according to the schedule which has been arranged by the club management. Three of these contests will be on the home grounds at Rock Springs, while the fourth contest will be played at Dillonvale, Ohio, next Sunday afternoon.

The first game of the week will be played Wednesday evening when the Steubenville Independents will come to Chester. The Steubenville team is playing a good brand of baseball and has met few defeats so far this season. As the locals have also been going a good clip during the last few weeks, it is assured that the game will be interesting.

The Oakland A. C. of East Liverpool will be the attraction at Rock Springs, Thursday evening. This is the second game of a series between the Chester and the Oakland clubs, the Cord Tires having triumphed over the East End boys in the initial contest.

Deaver Falls will play here on next Saturday. The Deaver county team defeated the Cord Tires by an overwhelming score here several weeks ago but since that time the Cord Tires have strengthened their line-up and are confident that the game this week will result in a different story.

The management of the Tires is negotiating for two more pitchers, who, if secured, will prove a big addition to the locals. At the present time the weakness of the Cord Tires is in the pitching staff.

NAME DELEGATES TO STATE G. O. P. MEET

Grant district Republicans, at a mass meeting held in the I. O. O. F. K. of P. building, Tuesday evening, named seven delegates to attend the

state Republican convention which will be held in Wheeling on Thursday, August 12. This meeting was called at the request of Attorney Bert Brown of New Cumberland, chairman of the county executive committee.

Dr. J. L. Pyle was elected chairman of the meeting, while Justice Arthur Allison acted as secretary. The following persons were named as delegates from Grant district to the Wheeling meeting: A. G. Allison, James A. Johnston, G. A. Arner, Prosecuting Attorney W. W. Ingram, O. C. Reynolds, R. C. Newell and J. Ness Porter.

The same delegates were named to represent this district at the Republican district judicial convention which will be held at Moundsville on Tuesday, August 10.

DEMOCRATS HOLD BUT ONE DISTRICT SESSION

But one of the four districts in Hancock county, which were scheduled to hold district judicial conventions, Tuesday to select delegates to the Democratic State convention to be held in Wheeling, August 14, had a large enough turnout to transact any business.

At New Cumberland, Attorney Geo. L. Bambrick, and G. L. Hill were named delegates from Clay district. Word from Hollidays Cove, where the Butler district Democrats were to convene, and Pughtown, where the followers of that party in Pore district, were to meet, was to the effect that the meetings were called off. The Grant district meeting was to have been held at the city hall, but only two persons put in appearance. The conventions in Grant, Pore and Butler districts will be held at a later date.

Governor James Cox, Democratic presidential nominee, has given his promise to attend the state convention and will address the delegates.

LARGE CROWD ATTENDS WAR VETERANS' OUTING

Judging from the crowds which packed the early cars to Rock Springs park, this morning, the annual joint picnic of Jesses Burge Post No. 222, and Private Eddy Post No. 66, Veterans of Foreign Wars, will be largely attended.

The morning athletic program started at 10:30 o'clock. The events included dashes and runs, the winners being awarded prizes. After dinner, which was served at 12 o'clock, another card of athletic events was carried out. This was followed by a baseball game. Supper will be served at 6 o'clock.

Captain "Bobby" Woodside of Pittsburgh, a former officer in the 33rd U. S. Division, chief of staff of the Veterans of Foreign Wars, is expected to attend the picnic and address the veterans.

The merry-go-round and the bathing pool were in operation all day, while dancing will be featured at the pavilion both afternoon and evening.

G. O. P. CLUB IS ORGANIZED

Mass Meeting of Republicans Held Here Tuesday.

More than 75 Republicans of Chester attended a mass meeting, held in the L. O. O. F. K. of P. building, Tuesday evening, at which time an organization, to be known as the "Chester Republican Club" was formally launched.

The organization endorsed the candidacies of Senator Warren G. Harding and Gov. Calvin Coolidge, as the G. O. P. standard bearers and also voted unanimously to support the entire Republican ticket from the national down to county and district offices.

A committee was named to list rooms which might be used as campaign headquarters. According to tentative plans, Republican headquarters will be opened here about September 1. It is the plan of the club to conduct an aggressive campaign to secure the election of every Republican candidate on November 2.

An effort will be made to enroll at least 500 voters of the city and district within the next few weeks.

SEIZED 38 STILL DURING PAST MONTH

The seizure of 38 moonshine stills, which is the largest number ever confiscated by the state department of prohibition officers in one month, was reported to the department in July, according to the report of Commissioner W. S. Hallanan, given out Tuesday. The 38 stills had an aggregate capacity of nearly a thousand gallons.

Eighteen counties were searched by the officers for the 38 stills, four having been seized in Boone, Wood and Lincoln counties; three each in Barbour, Kanawha, Marion and Putnam; two each in Logan and Summers, and one each in Cabell, Fayette, Harrison, McDowell, Ohio, Pocahontas, Raleigh, Webster, Brooke and Taylor.

There were 78 arrests during the month and the liquor confiscations included 428 quarts, 23 pints and five half-pints of whiskey, mostly moonshine; 2,018 gallons of pickhandle, 200 gallons of raisin wine, eight gallons of "cold fire," seven gallons of alcohol, 41 gallons of beer and about 2,700 gallons of mash.

"LUCKY THIRTEEN" GIRLS HOSTESSES

Members of the "Lucky Thirteen," an organization of Chester young ladies, entertained their gentlemen friends at an outing at Rock Springs Park, Tuesday evening. This was the second outing of the season.

Supper was served at 6:30 o'clock. Later in the evening the party attended the dance.

Those attending the affair included: Misses Alma Pepin, Fern Simpson, Thelma Dewdney, Edna Frost, Alva Frost, Margaret Davis, Ruth Huff, Virginia McElfresh, Mabel Arner, Helen Devitt, Jean Irwin, Elizabeth Hays and Helen Hendricks and Messrs. Alvin Arner, Charles Davis, Thomas Hoppie, Carl McCutcheon, Otis Wallace, Charles Evans, Gruber Miller, Wayne Simpson, Homer Stone, Edward Barrett, James Salisbury, Kenneth Knowles and Homer Mercer.

EDUCATION SLOWS UP; SCHOOL HOUSES SCARCE

LONDON—The war has slowed up education in the British Isles. Thousands of children are prevented from obtaining such education as is legally provided, because of the lack of buildings.

The Scottish Education act, which raises the school-age limit by one year, cannot be put into operation this year, as intended, owing to lack of facilities.

The labor organizations point out that if money spent on swollen army and naval estimates were put into new school buildings, and luxury building stopped until schools and dwellings are provided, the whole situation would be remedied in a few years.

WEST VIRGINIA PARTY VISITS SENATOR HARDING

A delegation of West Virginia Republicans, headed by Judge E. F. Morgan, nominee for governor, left Tuesday for Marion, O., where they have an engagement Wednesday with Senator Warren G. Harding, Republican nominee for president. They will urge him to come to Wheeling on August 12, to address the state judicial and platform convention.

Judge Morgan and Chairman M. Z. White got in communication with Senator Harding regarding his proposed visit to Wheeling, and were invited to bring a delegation of West Virginia Republicans to Marion for a conference.

CORD TIRE BASEBALL TEAM'S BUSY WEEK

Four games have been carded for the Chester Cord Tire team during the present week, according to the schedule which has been arranged by the club management. Three of these contests will be on the home grounds at Rock Springs, while the fourth contest will be played at Dillonvale, Ohio, next Sunday afternoon.

The first game of the week will be played Wednesday evening when the Chester Cord Tire team will come to Chester. The Steubenville team is playing a good brand of baseball and has met few defeats so far this season. As the locals have also been going a good clip during the last few weeks, it is assured that the game will be interesting.

The Oakland A. C. of East Liverpool will be the attraction at Rock Springs, Thursday evening. This is the second game of a series between the Chester and the Oakland clubs, the Cord Tires having triumphed over the East End boys in the initial contest.

Beaver Falls will play here on next Saturday. The Beaver county team defeated the Cord Tires by an overwhelming score here several weeks ago but since that time the Cord Tires have strengthened their line-up and are confident that the game this week will result in a different story.

The management of the Tires is negotiating for two more pitchers, who, if secured, will prove a big addition to the locals. At the present time the weakness of the Cord Tires is in the pitching staff.

NAME DELEGATES TO STATE G. O. P. MEET

Grant district Republicans, at a mass meeting held in the L. O. O. F. K. of P. building, Tuesday evening, named seven delegates to attend the

state Republican convention which will be held in Wheeling on Thursday, August 12. This meeting was called at the request of Attorney Bert Brown of New Cumberland, chairman of the county executive committee.

Dr. J. L. Pyle was elected chairman of the meeting, while Justice Arthur Allison acted as secretary. The following persons were named as delegates from Grant district to the Wheeling meeting: A. G. Allison, James A. Johnston, G. A. Arner, Prospective Attorney W. W. Ingram, O. C. Reynolds, R. C. Newell and J. Ness Porter.

The same delegates were named to represent this district at the Republican district judicial convention which will be held at Moundsville on Tuesday, August 10.

DEMOCRATS HOLD BUT ONE DISTRICT SESSION

But one of the four districts in Hancock county, which were scheduled to hold magisterial conventions, Tuesday to select delegates to the Democratic State convention to be held in Wheeling, August 14, had a large enough turnout to transact any business.

At New Cumberland, Attorney Geo. L. Bambrick, and G. L. Hill were named delegates from Clay district. Word from Hollidays Cove, where the Butler district Democrats were to convene, and Pughtown, where the followers of that party in Poe district, were to meet, was to the effect that the meetings were called off. The Grant district meeting was to have been held at the city hall, but only two persons put in appearance.

The conventions in Grant, Poe and Butler districts will be held at a later date.

POTTERY NEWS

POTTERY SHOPS NEED MATERIAL

Situation is Reported Acute—
Railroads are Partly Responsible.

By M. K. ZIMMERMAN

The material situation in the local pottery district is not as satisfactory as manufacturers would like to have it. A condition exists in this respect that is more acute than has been experienced in months.

Supply salesmen declare that insofar as clays are concerned, the trouble at shipping points has to do with the scarcity of cars and also the inability to obtain teams to haul clay to the shipping stations.

From time to time the embargo orders have worked to the detriment of the district, but by re-routing cars some stock have been able to be put through.

The supply of plaster in this district is low. It is recorded that some makers have left the district to take employment in other plants, but only until a supply is received at their old shops.

There are several mould shops in the East Liverpool district which are now working up the last of plaster in stock. Orders have been placed for additional supplies, but the transportation situation is such that the manufacturers are unable to anticipate time of receipt of shipments.

Another factor that enters the present material situation is the low supply of flint. The demand is greater than the supply. No prediction has been made when this situation will be improved.

One thing is certain, however, manufacturers are straining every effort to keep shops operating to the best possible capacity.

Fire Kiln in New Plant

The first kiln of ware at the No. 2 plant of the Hall China Co., has been fired off and was to be drawn today. As soon as it can be done, additional casting shops will be placed in commission. Decorators are expected to be put to work within the next few days. A line of treatments has been settled upon, and these early samples are now to be viewed in the sample rooms of this firm at their No. 1 plant. Over 90 percent of the output of the No. 2 plant of this firm will be teapots of assorted sizes.

Returns From Chittenango, N. Y.

William Wales, who has been working for the last three months in the Madison County Pottery Co.'s plant at Chittenango, N. Y., has returned to his home here. The firm is making a line of Rockingham and Yellow ware, for which a good demand now prevails.

Demand for Dinnerware

The buying of dinnerware out of this district continues along the most favorable lines. Not a few of the manufacturers declare that production is pretty well sold up for the third and fourth quarters of the year. As was anticipated by sales managers, the number of buyers visiting the local market in July was not as large as during the first five months, this on account of the season. Many buyers take their summer holiday in July, and in other instances some firms were in the midst of their semi-annual inventory season. The present month, however, is expected to witness as many buyers in the district as there was during the spring season.

From time to time buyers have reported a scarcity of local stocks, and that they have been unable to obtain deliveries from the pottery manufacturers because of the rail situation. These buyers realize, however, that the manufacturers have been bending every effort to get shipments through, but that they have had many unusual conditions to contend with.

Selling Stock in China Company

The Tri-State Securities Co., has charge of the stock selling campaign for the Jackson Vitrified China Co., of Falls Creek, Pa., which concern recently increased its capital stock to \$1,000,000.

J. B. Owens, of Zanesville who is also associated with the Pittsburgh-American China Co., of Greensburg, Pa., is identified with the Falls Creek proposition, and a few days ago addressed a gathering of business men at a luncheon in the Hotel Logan, Du Bois, Pa., relative to the outlook for the Jackson company. Additional tunnel kilns are to be built at the Falls Creek plant, these being of the Owen type.

Albert Picken Goes to New York

Albert Pickin, manager of the local offices of Palm, Fletcher Co., has gone to New York where he will remain a fortnight at the home offices of this company.

Recipes of Our Pioneer Mothers

for the home treatment of disease were wonderfully dependable. True, they knew nothing of drugs, but owed their success to the roots, herbs and barks of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these recipes. Its fame has now spread from shore to shore, and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound.

DIRECTOR OF MERCY DRIVE

H. B. Dickson Will Manage the Red Cross Roll Call Campaign.

H. B. Dickson, former organizing secretary of the Methodist Centenary Celebration at Columbus, has been appointed director of the Lake Division of the American Red Cross for the Fourth Red Cross Roll Call drive November 11-25, East Liverpool Red Cross officials were advised Tuesday.

Mr. Dickson has already established headquarters at Cleveland and is preparing to get into direct communication at once with Red Cross chapters throughout the Lake division. He recently conducted a three-months' tour covering eleven Red Cross divisions in the United States.

Miss Florence Updegraff, chairman of the East Liverpool Red Cross chapter, is considering appointees for the city chairmanship for East Liverpool's Red Cross drive. She will not announce a choice until early in September, she stated. Selection next month will give the city chairman two months to make preparations for the solicitation.

BUCHYRUS—Miss Edna St. Clair, Ann Arbor, and Edwin T. Blades, Pinckney, Mich., accompanied by the bride's parents, Mr. and Mrs. William St. Clair, Ann Arbor, motored 150 miles to Bucyrus in order that the couple might be married by Rev. Robert Greetz, pastor of the Strieb Lutheran church here.

TAD'S TID-BITS

KID LAVINGE O. K. AGAIN

About a month ago a report from the West stated that George Lavinge, "the Saginaw Kid," had been ordered to spend the rest of his days in an insane asylum.

We are very glad to say that the report was wrong and that Lavinge is at home again in Detroit.

Bert Coppelberger, of Oakland, California, received a letter from Lavinge, dated June 18. In it the Kid said:

Dear Friend:

I received your letter some time ago, but wasn't feeling well, and was away for three weeks. But you can tell all my California friends that I am feeling well again and am O. K.

I was reading that stuff that Tad had in the papers about my fight with Joe Soto in 'Frisco years ago. He is quite a kiddier. I wish that the wife and myself felt as well now as we did then.

I wish we could sell the little home here and go out to California for the rest of our days.

You say that Frank, my brother, is getting along well. Am glad to hear that. Will close now with the best wishes from the wife and myself.

Your friend,

GEORGE LAVINGE.

Willie Lewis Talks About Jack Britton

After Jack Britton had stopped Marcel Thomas at Newark the other night Willie Lewis came over to the press stand laughing:

"Say, did you ever see anything like that Britton," he chirped. "Isn't he a marvel? He's the greatest guy that ever rubbed his feet in resin. Just think of it, a champion who never ducks a challenge. That guy lost his title, then won it back and fights thirty times a year. Not this year, but for the past fifteen years he's been doing it. We never had a fighter like him. He's good yet. Can you name me an old-timer who could do that? Not one."

K. OF C. CLUB IS WINNER, 15-7

Defeat Eclipse Last Night—Home Run Play is Questioned.

The Eclipse club chalked up another game on the wrong side of the ledger last night. The K. of C. outfit, playing sensational baseball, apparently had no difficulty in winning by a 15-7 score.

The size of the score was real humiliating for the Eclipse aggregation, the largest number by which they have been defeated in any game this season. Patterson pitched for the Eclipse and considering that he had not faced a batter in a regular scheduled game in the past two years, he did fairly well.

For the K. of C. Swatsmiths Denmore wore the laurel wreath. Five lucky breaks helped him out at times. In the third Barlow, first up for the Eclipse, doubled. Greenwood then drove one over center field for what ordinarily would have been a homer but Savage, who was playing out around in that direction, disappeared over the hill and returned almost immediately with the sphere. His ump's failed to see the play over the side of the hill, whatever it might have been, and so he called the batter out, and the runner also, who had been doubled, according to Hoyle.

The Eclipse protested the play but rather than spoil the game, allowed the play.

The score:

K. of C. 15 3 0 1 6—15

DEMPEY IS MOVING TO BENTON HARBOR

NEW YORK, August 4.—Jack Dempsey, world's heavyweight champion, expects to leave New York next week for Benton Harbor, Mich., where he will put the finishing touches on his training for his third combat with Billy Miske, the St. Paul heavyweight. Dempsey declared today that he expects to make this battle a quick victory, for he feels the fact that Miske has been the only man who was able to withstand him in the three years he spent reaching the top of the heavyweight division.

The champion will take with him to Benton Harbor the same two dusky sparring partners who worked him into condition for Jess Willard—Jamaica Kid and Bill Tate.

TAD'S TID-BITS

KID LAVINGE O. K. AGAIN

About a month ago a report from the West stated that George Lavinge, "the Saginaw Kid," had been ordered to spend the rest of his days in an insane asylum.

We are very glad to say that the report was wrong and that Lavinge is at home again in Detroit.

Bert Coppelberger, of Oakland, California, received a letter from Lavinge, dated June 18. In it the kid said:

I received your letter some time ago, but wasn't feeling well, and was away for three weeks. But you can tell all my California friends that I am feeling well again and am O. K.

I was reading that stuff that Tad had in the papers about my fight with Joe Soto in Frisco years ago. He is quite a kiddier. I wish that the wife and myself felt as well now as we did then.

I wish we could sell the little home here and go out to California for the rest of our days.

You say that Frank, my brother, is getting along well. Am glad to hear that. Will close now with the best wishes from the wife and myself.

Your friend,

GEORGE LAVINGE.

Willie Lewis Talks About Jack Britton

After Jack Britton had stopped Marcel Thomas at Newark the other night Willie Lewis came over to the press stand laughing:

"Say, did you ever see anything like that Britton," he chirped. "Isn't he a marvel? He's the greatest guy that ever rubbed his feet in resin. Just think of it, a champion who never ducks a challenge. That guy lost his title, then won it back and fights thirty times a year. Not this year, but for the past fifteen years he's been doing it. We never had a fighter like him. He's good yet. Can you name me an old-timer who could do that? Not one."

"Colonel Bryan exclaims, 'My heart is in the grave.'"

"Yes. He's reverting to Shakespeare, isn't he? Didn't Marc Anthony say something like that over the beer of Caesar?"

"Yes. And Colonel Bryan said it over the beer and light wine it was to give the country."

"But there was not light wine in Caesar's case."

"Not unless you could call Julius's last words, 'Et to, Brute,' a light wine." Would you call a quarrel between two "peaches" a fruit jar.

What's the use of a constitutional amendment if they won't let you take your morning "constitutional" to amend it?

K. OF C. CLUB IS WINNER, 15-7

Defeat Eclipse Last Night—Home Run Play is Questioned.

The Eclipse club chalked up another game on the wrong side of the ledger last night. The K. of C. outfit, playing sensational baseball, apparently had no difficulty in winning by a 15-7 score.

The size of the score was real humiliating for the Eclipse aggregation, the largest number by which they have been defeated in any game this season. Patterson pitched for the Eclipse and considering that he had not faced a batter in a regular scheduled game in the past two years, he did fairly well.

For the K. of C. Swatsmiths Demore were the laurel wreath. Five lucky breaks helped him out at times. In the third inning, first up for the Eclipse, doubled. Greenwood then drove one over center field for what ordinarily would have been a homer but Savage, who was playing out around in that direction, disappeared over the hill and returned almost immediately with the sphere. His ump's failed to see the play over the side of the hill, whatever it might have been, and so he called the batter out, and the runner also, who had been doubled, according to Hoyle.

The Eclipse protested the play but rather than spoil the game, allowed the play.

BROWN MAKING STRONG RACE

John T. Bourke, Newspaper Correspondent, Predicts Toledoan's Nomination.

BY JOHN T. BOURKE

MARION, O., Aug. 4.—Two weeks ago the people of Ohio were advised to "Watch Brown Grow." Today the promulgators of that slogan say "Brown Has Arrived."

Political observers, unprejudiced students of the preliminary contest in Ohio for the Republican nomination for United States senator, who have been in Marion during the past fortnight, express amazement at the remarkable growth of sentiment in behalf of the candidacy of Walter F. Brown, who they forecast will sweep the state at the popular vote primaries next Tuesday. Many of these observers insist that Brown will not only win the senatorial nomination but that he will poll a clear majority over the combined opposition.

The prediction made with surprising unanimity by men who have been in touch with political conditions in the state, some of them for many years, is based on reports and surveys made in counties and congressional districts by Republican leaders.

I have talked with them personally and have been told that they never before saw such a whirlwind campaign and such quick results as have come from the Brown canvass. It is little more than a month since Brown, at the Republican national convention at Chicago, was induced by Ohio party leaders to file nomination papers for senator. These delegates insisted that his candidacy for the top job, because of his close relationship with the late Theodore Roosevelt and his record as a progressive Republican, would strengthen the entire party ticket in Ohio and weld the last link in the chain uniting the two elements of the party that was split in twain eight years ago. It was not, however, until two weeks ago that Brown began an active campaign for the nomination, but no flying squadron over beat the sprinting record he has been making since then.

TROTTER'S

August 13, 1:15 p. m.—Devotional services; address, Mrs. Mary Carr Curtis; report of district secretary; awarding of banners; reports of committees and installation.

Local politicians predict that a large turnout of electors will mark the primary election on Aug. 10. A contest for membership on the city central committee is expected to result in many Republicans visiting the polls. The contest is between representatives of two factions in the party. R. N. Chamberlin, incumbent chairman of the central committee, is opposed in the southwest precinct by Patrick Reidy, while S. Ed. Harvey, also an incumbent, is opposed in the southeast precinct.

Drive for \$1,500 for the Salem City hospital will begin here Monday morning. Nine teams will visit business houses and factories in an endeavor to meet the quota before Wednesday. Dr. P. C. Hartford is chairman of the campaign and S. L. Warner is assistant chairman.

This week will see the beginning of the home stretch in the Inter-Sunday School Baseball league. Tuesday the Methodist and the U. P. teams will clash; Wednesday the Lutherans and the Christians will play before the crowd at the union picnic and Thursday the United Brethren will vie with the United Presbyterians. Thus far the Methodists have not lost a game. If they win from the United Presbyterians Tuesday evening they will cap the bunting.

The approaching marriage of Miss Mary Jones and Edward Eaton was the signal for a surprise shower given in honor of the bride by members of the Smiles club.

Mr. and Mrs. Wilbur Forney are on a vacation trip to Washington, D. C. Rev. C. H. Hood has gone to Coshocton where he will spend the next ten days in the interest of his candidacy for state senator from the Eighteenth-Nineteenth district of Ohio.

Miss Lena Diehl of Beaver Falls is a guest in the Mrs. Charles Mann home.

Work of the East Palestine board of Relief is described in the semiannual report of the charity organization made public Monday. During the six months of its operation the board has aided sixteen families in need and has distributed 373 pieces of clothing. Hundreds of individuals, clubs and societies have contributed to the funds of the board.

Jug Trade.

Would you let a \$6 a week clerk fire your star salesman? You probably would get just as hot under the collar about it as Uncle Enoch does in the "Dancin' Fool."
Breezy Wallie is seen as "Ves" Tibble, the clerk with the magnificent wage. However Ves manages to combat the H. C. of L. by acting as Junie Budds (Bebe Daniels) dancing partner by night in a jazzy New York Cabaret.
But jazz and jugs don't agree and jugs win, but it takes a little jazz to put them over, but oh boy, they do go over big. Today is the last showing of this fine comedy, so don't fail to come if you haven't already seen it.

KLONDIKE MAN FINED ON LARCENY CHARGES

Pearl Clutter, Klondike, was fined \$25 and costs on each of two charges of larceny at a hearing before Mayor J. S. Wilson at City hall Tuesday evening.

Clutter was accused of the theft of tools and lumber valued at about \$70 from the plants of the National Drawn Steel and McLean Tire and Rubber companies of East End.

He was arrested late Tuesday afternoon by Chief Hugh McDermott, while at work at the McLean plant. A search of the man's home, it is claimed, revealed tools that had been stolen from the McLean plant and a pile of iron from the National Drawn Steel Mill. The charge against the man was filed by H. A. Middleton of the steel concern. Clutter pleaded guilty to both charges and was released after arranging to pay the fines.

Struck by Baseball.
Ruth Gildow, aged 13, of Calhoun's addition, East End, was injured Tuesday evening when she was struck on the head by a baseball while watching a game at Columbian park.

The girl was standing about 20 feet back of the catcher when one of the batters hit a foul tip. The sphere struck the girl on the side of the head, rendering her unconscious. She was removed to her home, where she regained consciousness two hours later.

Surprise Party.
Mrs. William Terrence, First avenue, was tendered a surprise party by members of the Sunday school class of the Second Presbyterian church at her home Tuesday evening. About fifteen guests were present. Games and music were the features of the affair. A luncheon was served.

On her maiden trip up the Ohio river, the steamer Senator Cordill, recent addition to the Liberty Transit company's river fleet, passed East Liverpool Tuesday en route to Pittsburgh. The steamer had a record cargo of miscellaneous merchandise and 150 passengers aboard.

The Senator Cordill, which was formerly official mail steamer between Vicksburg and Natchez, left Gallipolis a few days ago with the largest cargo aboard to leave that port. The steamer will make regular scheduled trips between Pittsburgh and down river points.

The barge Boston re-named No. 1 of the Liberty Transit Barge line, will be placed in commission this week. The barge will carry tin plate and other products to down river points. Wallace Reid and Bebe
Daniels Put Jazz Into the
Jug Trade.

Would you let a \$6 a week clerk
be your star salesman? You prob-
ably would get just as hot under
the collar about it as Uncle Enoch
does in the "Dancin' Fool."

Breezy Wallie is seen as "Yes"
Fiddle, the clerk with the munifi-
cent wage. However Ves manages
to combat the H. C. of L. by acting
as Junie Buddis (Bebe Daniels)
dancing partner by night in a jaz-
zy New York Cabaret.

But jazz and jugs don't agree and
jugs win, but it takes a little jazz
to put them over, but oh boy, they
do go over big. Today is the last
showing of this fine comedy, so
don't fail to come if you haven't
already seen it.
